

CORY A. BOOKER
NEW JERSEY

UNITED STATES SENATE
WASHINGTON, D. C. 20510

May 21, 2016

Dear Friends,

It is a pleasure to extend my warmest congratulations as you gather for the first-ever Zero Carbon Coaching Clinic and Race to Zero Carbon 5/10K run.

I am encouraged by Footprint to Wings' mission to educate and advocate on the importance of reducing carbon emissions. Your work engaging with policy makers and individuals on what we can all do to efficiently reduce our carbon footprint is extraordinary. Your efforts are critical to combating global warming and should be celebrated.

I commend you as you gather today to address the impact of carbon emissions in your community. Congratulations again, and best wishes for a memorable event.

Sincerely,

A handwritten signature in blue ink, appearing to read 'C.A.B.', with a large, sweeping flourish extending to the left.

Cory A. Booker
United States Senator
